Abstract

The objectives of this project are as follow; 1) For developing the personal information system. A studied case: srakuddongsamranvitaya school Chumphon Buri district Surin Province. 2) For assessing the quality of online auction system. A studied case: srakuddongsamranvitaya school Chumphon Buri district Surin Province. The target is including 5 professors of Rajabhat Maha Sarakham University who are expert on Computer and Technology and the teachers who supervise personnel department in school. Studying this project is to assess the quality of personnel information system. A studied case: Srakuddongsamranvitaya school Chumphon Buri district Surin Province. The features are including; The experts must be graduated in Bachelor's Degree, Master Degree and doctor's degree in computer related field. The equipment used for studying is 1) Personnel Information System. A studied case: Srakuddongsamranvitaya school Chumphon Buri district Surin Province. 2) Quality of personnel information system. A studied case: Srakuddongsamranvitaya school Chumphon Buri district Surin Province. The statistics used to analyze information as follow; the mean (\bar{x}) and standard deviation (**SD.**)

The result of study are including

1. The personal information system is usable efficiently. A studied case: Srakuddongsamranvitaya school Chumphon Buri district Surin Province.
2. The result of quality assessment of 5 experts with their opinions is very satisfying. A studied case: Srakuddongsamranvitaya school Chumphon Buri district Surin Province. ($\bar{x} = 4.56$, **SD.** = 0.11)
